National Tech Express — 50 years of experience

FROM ROBIN'S DESK

BY ROBIN KORTH

Running a small business means making every penny count. Time is money. Lots of time is wasted each day with computer systems that are not working at 100 percent of efficiency. Most businesses do not calculate the cost of time wasted in waiting for computers to load, files to be retrieved and in inefficient synching of the software applications required to run a business.

John Sklavounos and his team at National Tech Express bring over 50 years of technology, operations and general business experience to the task of providing professional technology support. This includes working to help bring your systems up to full operational efficiency.

Sklavounos is dedicated to providing you with IT support and service 24/7 for much less than the cost of a full-time IT employee. Call John at 305-254-5050 or visit <www.nationaltechexpress.com> for more information.

SNAPHAPPY PHOTOS

Happy business birthday to Ada Stevens at SnapHappy Photos. She has the talent, the energy, the intuition and the focus that make her an up and coming professional photographer. November marks her third year in business as a marvelously enthusiastic and fresh talent in the local market.

In 2007 Ada took the leap of faith required to turn her passion for taking photographs — at family events, while traveling, while simply going through the business of her day — into a burgeoning business endeavor with more than 100 regular clients. Contact her for all of your business, family and holiday event photographs. Ada can be reached at 786-449-

DIVORCE WITHOUT WAR

Divorce is most often viewed as a difficult and adversarial situation. But it doesn't necessarily have to be that way. Helen Stein at Divorce Without War Mediation Center, offers an important service for couples and families facing divorce.

Helen Stein

Divorce Without War is a low cost mediation process which helps couples obtain an uncontested divorce. A Divorce Without War solution will preserve the families' resources and minimize damage associated with prolonged divorce battles. This civilized and peaceful approach promotes a foundation for future relationships among divorced parents, their children, extended family and friends. Divorce Without War may be a good fit for anyone seeking affordable and reasonable guidance.

Call Helen Stein at 305-663-6566 or go online at <www.divorcewithoutwar.com>.

A GLANCE AT THE PAST

Remember when we used to go to drive-in movies and had great fun as we spent the evening fighting mosquitoes and munching popcorn? Who can identify where this drive-in theater used to be?

Why are the Dixie Belle shops on South Dixie Highway called the "Dixie Belle" shops?

Where could you get a pony ride in Pinecrest in the early 1960s? Do they still even offer pony rides anywhere in Miami?

You can reach Robin Korth at <robinsdesk@communitynewspapers.com> or at 305-669-7355, ext. 275.

We are qualified professionals! Don't trust your home or business to anything less.
